

## **Want to be a Referee?**

Being a referee is not for everyone, but it can be very rewarding and fun. Referees help the players, parents, and coaches better understand the rules of soccer. And, it's a great way for kids and adults to earn extra cash!

NWCCSAY / Milford Soccer provides a free referee training class before each soccer season begins. The classes are taught by a certified ref instructor. Class participants receive a copy of the SAY National Rule Book. Classes are usually held close to the beginning of the soccer season (March and July of each year). Check our website for registration information and details regarding the class when it is close to class time.

The referee class is an 8 hour class, which has recently been held as a Saturday 8:00 to 5:00 session, but it has also been held on 4 consecutive weeknights, from 6:30 to 9:00 each night. Participants must attend the entire class, including taking the certification test at the end of the full day class or on the last night of weeknight classes.

Referees under the age of 18 must take the referee class every 12 months. This is meant to be a refresher as well as to receive updates on new or changed rules. Experienced adult referees are sometimes allowed to forgo the clinic, but are still expected to stay current with rule changes.

Children age 13 and above may take the class and referee games. Children age 12 may take the class if sponsored by a parent or other adult who will attend the class with them and also referee with the child. We encourage adults to consider being referees as well.

New referees must purchase a complete uniform on their own, including shirt, shorts, socks, whistle, and timer. The total cost for these items ranges from \$25 - \$50. Participants of the class who pass the test will receive their badge and yellow/red cards.

New referees will be assigned to candy games and/or higher level games with an experienced ref. We require referees to be at least 2 years older than the children playing the game. The games for older teams are usually refereed by older teens and adults. Games are assigned each week based on the game schedule, the referee's availability, and the referee's demonstrated ability.
